## Why do we create Countries Delegations?

By subdividing the world down into separate countries and appointing a suitably qualified Delegate Licensee in each region, customers, Platinum, Gold, Silver Brokers and The Hanson Group will all benefit in the following ways:

1. The Delegate will be motivated to work closely with ANY **Platinum, Gold or Silver** Brokers because the Delegate gets paid for ALL successful deals in their country. Therefore the more deals they help our **Platinum, Gold or Silver** Brokers to complete, more our Delegates gets paid!
2. Different countries speak different languages, by appointing a Delegate that speaks the local language will make explaining and closing client transactions much easier and more effective.
3. Having a regionally based Delegation in the same time zone as the client that is trying to complete a transaction will result in higher productivity and fewer lost hours with people working in different time zones.
4. Over time our Delegations will accumulate significant knowledge of the industry, The Hanson Group of Companies services and local clients needs. This expertise combined with their regional country knowledge will provide a powerful resource that will result in improved advice to clients and higher deal flow for brokers.
5. Lastly, To have a central point facilitating and coordinating regional transactions that occur within a country will have a number of significant benefits to all parties.
